ZIMMER BIOMET
Institute®

Masterclass

Zimmer Biomet Institute® provides a wide range of educational experiences to healthcare professionals so you can learn, interact, understand and share knowledge about Zimmer Biomet products, services, techniques and technologies through different modalities.

We know you are committed to your field of expertise and we know you want to continue to improve. Through Zimmer Biomet Institute courses, you will gain problem-solving insights and develop your skills.

The specific course objectives include:

- Review key changes in Personalised Knee Care and outline actionable steps to accelerate patient outcomes.
- Confirm PKA as the initial step in Personalised Knee Care, reinforce evidence based patient selection, support adoption, and address barriers to wider UNI utilization.
- Apply targeted planning to select and execute personalised alignment strategies.
- Integrate analytics and planning profiles (OptimiZe) to reduce variability, standardize best practices, and support efficient pathways.
- Deepen expertise in Personalised Knee Care to effectively communicate key messages and best practices locally.

The Zimmer Biomet Institute® wishes you a valuable and enjoyable training with us.
