Hip

ASI Total Hip Arthroplasty

Acıbadem Mehmet Ali Aydınlar University

Istanbul, Türkiye

17th - 18th April 2026

IN-PERSON

ZIMMER BIOMET
Institute®

BioSkills

Zimmer Biomet Institute® provides a wide range of educational experiences to healthcare professionals so you can learn, interact, understand and share knowledge about Zimmer Biomet products, services, techniques and technologies through different modalities.

Are you keen to take an active role in learning about the latest products, surgical techniques and technologies? Train your hands and mind with human specimens to enhance your surgical expertise and deepen your knowledge.

The specific course objectives include:

- Review the rationale for the ASI Approach
- Discuss pre-operative planning and formulate a surgical plan
- Assess surgical key points including capsular release, cup positioning, and anatomy
- Investigate available implant options and perform the surgical technique
- Perform the ASI Approach, without a positioning table, safely and effectively using anatomical specimens
- Review surgical tips from expert faculty that will be beneficial in practice

The Zimmer Biomet Institute® wishes you a valuable and enjoyable training with us.
