## Educational Site Visit

Zimmer Biomet Institute® provides a wide range of educational experiences to healthcare professionals so you can learn, interact, understand and share knowledge about Zimmer Biomet products, services, techniques and technologies through different modalities.

How do we ensure our products are designed to the highest quality? What Zimmer Biomet solutions are available to assist you in providing the best care for your patients? We look forward to meeting you at a location where we work to alleviate pain and improve the quality of life. Gain insights into the fascinating world of a renowned medical device company.

The specific course objectives include:

- Provide educational content on knee and hip material properties, implant designs, and related manufacturing and testing processes, supporting the safe and effective use of Zimmer Biomet products, solutions and technology advancing quality of care and improved patient outcomes.

The Zimmer Biomet Institute® wishes you a valuable and enjoyable training with us.
