### Official App Name & Tagline

Name:	Flyright
Tagline:	The simple travel platform

## App Description - Long

Flyright curates everything you need for international travel in one tidy place.

Get key visa, embassy and health information, as well as metro maps, time zones, currency exchange rates and so much more. We support 194 passports globally, so if you travel, you'll love Flyright. In seconds, you can:

- Find out if you need a visa and how long you can stay
- Learn what vaccinations and medicines you need
- Get a map of your destination's metro system
- Calculate timezone differences and currency exchange rates
- Save your trip for offline use while you travel

... and that's just the beginning! We've got a lot of ideas about how to improve the travel experience, and we're starting with the features we personally use on every trip. Travel should be about people and places, not the logistics of getting around while you're abroad. Let Flyright help. It may just change the way you travel forever.

## App Description - Short

Flyright curates everything you need for international travel in one tidy place.

We believe travel should be about people and places, not the logistics of getting around while you're abroad. Let Flyright help. It may just change the way you travel forever.

## Short Feature Snippet #1

Flyright organizes everything you need for a trip abroad in simple, sharable Trip Decks. Each trip has a deck filled with cards containing the stuff you need - information about visas, embassies, health and more.

## Short Feature Snippet #2

Ever been in a big, foreign city with little to no internet access? Breeze through it with metro maps, currency exchange calculators and time zones accessible offline through the Flyright app.

## Short Feature Snippet #3

Built for everyone from first-time travelers to globe-trotting backpackers, Flyright's mission is to make travel simple and seamless, no matter what passport you hold.
