## What is Commission Hijack Formula?

The **Commission Hijack Formula** is an all-in-one affiliate marketing ecosystem that focuses on "Done-For-You" (DFY) solutions. Instead of spending months learning how to create products or drive traffic from scratch, this formula provides a blueprint for "hijacking" proven sales processes.

It is specifically designed for:

- **Beginners** who want to skip the "trial and error" phase.
- **Affiliate Marketers** looking to scale their income to 4 or 5 figures monthly.
- **Side Hustlers** who have limited time and need a semi-automated system.

## How Does It Work?

The system operates on three core pillars:

1. **The Selection:** It helps you identify high-converting, high-ticket offers that are currently trending in the marketplace.
2. **The Hijack:** Utilizing pre-built "bridge pages" and "bonus pages," you leverage the credibility of the product creator to drive sales.
3. **The Automation:** The software automates the lead generation and follow-up sequence, ensuring you don't leave money on the table.

## Features and Benefits

### 1. Beginner-Friendly Interface

You don't need to be a coder or a graphic designer. Everything is drag-and-drop, allowing you to go live with your first campaign in under 30 minutes.

### 2. High-Ticket Focus

Why settle for \$10 commissions when you can earn \$500? This formula focuses heavily on high-ticket affiliate programs that pay out substantial sums per sale.

### 3. Automated Traffic Sources

The system includes built-in traffic modules that show you how to get "buyer traffic" without spending thousands on Facebook or Google Ads.

### 4. Cloud-Based Software

There is nothing to install. You can manage your entire affiliate business from any device with an internet connection.

## OTOs and Pricing (Upsells)

To get the most out of the Commission Hijack Formula, there are several One-Time Offers (OTOs) available:

### Front End: The Main Formula (\$17 - \$27)

The core training and basic software to get your business off the ground.

### OTO 1: Unlimited Edition (\$47)

Removes all restrictions, allowing you to create unlimited campaigns and use unlimited "hijack" pages.

### OTO 3: Automation Suite (\$67)
