

# Scholarship Summer Checklist

**Secure Your Tuition-Free Start** Congratulations, you have joined a group of nearly 1,000 students who have benefited from the gift of education from Dennis Frandsen and the Frandsen Foundation. To ensure payment of your scholarship, please be prepared to complete the following steps before classes begin.

**Stay Close to Emails:** All scholarship communications will come from Nancy Mach and the Frandsen Foundation via email. Look for information in mid-July on how to access your fall term bill and submit it to Frandsen for payment. Check in weekly and commit to timely responses.

**Complete The FAFSA:** The Free Application for Federal Student Aid, or FAFSA, will determine how much federal aid or Pell Grant funds will be available to you. The foundation scholarship will be applied after these awards. Complete the application online at [www.fafsa.gov](http://www.fafsa.gov).

**Contact the Schools Financial Aid Office:** Advise your school that Frandsen pays all tuition and fees after Pell and State grants are applied to your account. If you receive any local scholarships from organizations in your community, that money can be used for miscellaneous expenses like textbooks and tools. Check with your college so they apply the funds correctly.

**Commit to Complete:** Stay accountable to your education and your financial sponsor by committing to your first day, and completing your first year.

**Get Involved:** Attend new student orientation and welcome events. They're a great way to find your new community as you start your college career.
