

Trip Note PROS

GLOSSARY OF TERMS

1. Fake Fast pace: Pace analysis tools will be incorrect in this situation because in 'fake fast' situations, pacesetters are **CORRECTLY IGNORED** by riders that identify a 'runoff leader' that is going too fast early. This results in a pack that is running "a race within a race." Don't be too quick to downgrade Closers in such situations!
2. Accordion Flow: An 'accordion flow' is a dynamic that mostly occurs in turf routes. When leaders are successful in "backing down the pace" to catch a breather before sprinting for home, the field can crunch together before stretching out again, sometimes causing traffic issues for the back markers. In the majority of these instances, speed types and ground savers are the runners to benefit.
3. L: This is merely an abbreviation for "length."
4. "Tight" in-between vs "Loose" in-between : In-between racing is common in larger fields. "Tight" in-between positions cause stress and leave runners with tough options: (1) Progress and run the risk of moving too early. (2) Idle to move backwards results in position and ground loss. (3) Remaining in the same spot will likely result in the burning of needed energy.
5. Gapped leaders: Imagine a runoff leader and then (1) or (2) more rivals with a big advantage to the rest of the pack. These leading runners are out of position and chasing a leader that is **VERY LIKELY** going too fast early. Situations with "gapped leaders" offer a **HUGE** advantage to the Closers

TRIP NOTE: Was 6-1 ML. She hesitate and was off 1+L slow at the start, which is noted in the PPs. She saved ground near the back of the pack for much of the race, was forced to pause and lose 1L when ridden with extreme caution leaving the backstretch, and after a 3-4-5+W journey from the 3/16 pole to the top of the stretch, was fanned wider when inside runner drifted. A solid debut despite the slow start and minor incidents, she really flew home down the stretch to just miss, and galloped out HUGE.

TRIP NOTE: The PPs get it right. She showed nice speed and was looking to make the early lead, but she drifted in and suffered a negative bump, which stymied her speed which likely resulted in this rider opting for plan B - a stalking attempt. She prompted the leader while 2+W on the backstretch, was put into chase mode leaving the backstretch as teh pacesetter moved away from her and began an early move into the far turn, and after being bumped outward by an inside rival that was in search of clear sailing in the lane, finished evenly. A mostly neutral trip overall that suffered some minor trouble, she takes on more ground today and a new rider climbs aboard.

TRIP NOTE: The interesting thing about this runner is that she speared LOADED FOR BEAR entering the far turn, so much so that she had to tap on the brakes and steady to void running up on heels, but after a neutral path through the far turn and being tipped to the far outside in the lane, was flat. A neutral trip with the exception of the mild trouble at the 3F marker, she takes on more ground today.

TRIP NOTE: She was in a tight spot early and did have to steady to avoid a potentially bad situation, which cost her about 1L early. The rest of the trip however, was pretty good. She made her way to the rail early in the 1st turn, saved ground down the backstretch and into the far turn, and after taking a bit to ease outward and find a seam into the stretch, finished up evenly. TRIP NOTE: She was sent pretty hard in the early stages to earn a forward position, which she did. She received a VERY GOOD into the clubhouse turn as this rider took to the inside to follow the leader, which allowed others to move up and stalk while outside - this secured her a cozy pocket spot. She raced in this very good position all the way around the track and was given an 'all out' cue to finish at the top of the stretch, but was even. A good trip from the outside post, she takes on a little more ground today.

TRIP NOTE: Ignore the comments in the PPs as we're not sure which horse they were following - but it definitely wasn't this one! She checked out of a tight spot early and lost ~3L overall, which is not noted in the PPs! She saved ground through the clubhouse turn and rated well at the inside down the backstretch, was finally eased off the inside to get around a stalling rival into the lane, (this is where the tape cuts as a runner that was vying for command broke down), and she finished well after being steered to the inside and racing two paths from the rail. A tough trip and nice performance given the start, it's also worth mentioning that every finisher benefited in this race as others did not complete the course.

TRIP NOTE: ON DIRT: She came away in good order and landed in a nice stalking position early, but as the PPs correctly identify, became a bit bank when wanting to gain by was not permitted in the early stages. (ignore the comment that she steadied, however). Once there was more forward position to be had, she was guided inward and let out a notch, and made a big move on the backstretch to slip up the inside and pass a few rivals, and she continued up the rail in the far turn to pass a couple more while near the rail. She'd flatten in the lane, but held place money. She returns after a short break and heads straight for the turf.

TRIP NOTE: ON DIRT: She progressed into a very good spot on the backstretch, targeting open air to a paid or rivals that were keeping each other honest on the lead. She traveled 3W into the turn and was inching her way towards the leaders when a rival to her outside gained and needed to quicken to hold her off, but she overtaken by the outside Closer. A good trip 'on dirt.' she changes surfaces in start #2 off of the short break.

TRIP NOTE: She broke well and landed in a forward and uncovered position down the backstretch, following a 99-1 pacesetter and a 2-1 stalker. She raced 3W into the far turn while following what had become a brief pace duel on the lead, gained nicely as the far turn progressed, but lost the battle to 'centrifugal force' and drifted 4-5W late in the far turn before leveling VERY WELL through the stretch to win EASILY. A poor turf trip on this day, it's worth noting that she showed off strong body language on the gallop out!

HORSE NAME: Super Renee**DATE:** 11/26/22**DISTANCE:** 6 1/2 Furlongs**SURFACE:** Dirt

RACE NOTE: The pace was slower than normal and the 2-1* went wire to wire by a city block. The last place finisher was a next-out winner vs Clm 16000(16-12.5)N2L rivals.

RACE NOTE: The pace was normal. The show finisher (a common rival today) was a next-out winner vs the same level of competition. The 10th place finisher was a next-out winner vs the same level of competition but 'on dirt.'

TRIP NOTE: She followed the outside stalker and traveled 3+W through the far turn; not ideal as turf sprints are concerned. She overtook the outside stalker and took aim on the pacesetter, but despite doing VERY GOOD WORK through the lane and finishing strongly, was unable to outfinish two rivals that had enjoyed sweet trips throughout - the uncontested pacesetter and the winner that had 'sat the pocket' throughout. This was a solid performance after a poor turf trip.

HORSE NAME: Good Boo Joo**DATE: 1/13/23****DISTANCE: 5 1/2 Furlongs****SURFACE: Turf**

RACE NOTE: The pace was normal. The winner was a next-out (easy) winner vs Alw 50000s foes. The 5th place finisher was a next-out winner vs Clm 32000(32-28) N2L rivals.

TRACK BIAS: N/A**10****UPGRADE****DOWNGRADE****STRONG UPGRADE****STRONG DOWNGRADE**

TRIP NOTE: She held a cozy pocket position down the backstretch while following a longshot leader that carved out dawdling fractions; this was a GREAT SPOT. She steadied just a touch when the far turn arrived as the pacesetter slowed to turn (this was VERY MINOR trouble that shouldn't be considered), but immediately and easily eased one path off the rail to engage the leader. She raced 2+W through the far turn to increase the tempo and sprint for home, and did the best work in the last 1/4 to earn the win; a good trip throughout!

HORSE NAME: Albayaader**DATE: 1/28/23****DISTANCE: 6 1/2 Furlongs****SURFACE: Turf**

RACE NOTE: The pace was a complete dawdle throughout and aside from a 45-1 shot that finished dead leas, all speed held up; 1-2-3-4 early finished 2-OUT-1-3.
