TRIP NOTE: He lagged at the back while racing covered up at the rail for most of the race, was eased off the inside late on the backstretch and looked to progress from the 2-path in the far turn, but when meeting a stalling rival, was forced to wait before cutting back to the inside leading into the stretch. Even with the mild traffic the ground saving trip made for a better trip than most, and we'll mildly downgrade accordingly.

TRIP NOTE: Yes, he broke a bit awkwardly, but he was also VERY QUICK to recover and secure the pocket. He rated kindly all the way around the track, was coaxed as the pace picked up in the far turn and had no trouble easing off the inside leading into the stretch, and although he did good work to grind past the leader, he was unable to hold off a runner that had saved ground and then eased to the far outside for the stretch drive. A good trip throughout, we'll be downgrading this performance.

TRIP NOTE: The bump at the start was evident, but also meant nothing. Ignore the information. He settled inward down the backstretch while rating kindly, advanced nicely when asked to slip past a tracking foe to secure a ground saving spot from just behind the leader in the far turn, and when the leader raced off the inside, he was SENT to gain and earn the spot and kick for the finish. TRIP NOTE: Was 5-2 ML. He cleared and CRAWLED through the clubhouse turn, which was a VERY GOOD START! He continued to lead while holding a measured lead in a compact field through the middle stages, responded to coaxing in the far turn to maintain his lead, and when driven into the land and finally receiving a couple of whip strikes, EXPLODED through the lane and sprinted through the clubhouse turn after the race! A big performance after a good trip throughout, there was clearly more under the hood, although the loss of his trainer is an obvious negative.

TRIP NOTE: He cleared EASILY and was immediately placed ON HOLD through the first of the three turns, which resulted in him ceding the lead to (2) outside foes. He raced by himself through the clubhouse turn and down the backstretch (following a clear leader and clear stalker), was put to work in the far turn while racing 3W and being urged to circle, and after a willing finish through the lane, took home show money. A neutral trip overall, he returns from a long layoff and a new jockey takes over.

TRIP NOTE: She briefly shared the lead, but when the rival to her outside was committed to making the lead, she was reserved to rate, but resented the request and PULLED into the clubhouse turn, which resulted in her steadying off heels and fanning out a bit, which required a correction back to the inside! This was a tough beginning, and it took her a little while to settle into stride. She raced in the pocket the rest of the way, was urged to gain as the far turn progressed, and was given a token ride in the stretch as this jockey permitted her to cruise to the finish. She raced at the inside and was cautiously coaxed from behind rivals leaving the backstretch and into the far turn, was freed up to gain when the runner that was in front of her eased off the inside, and after being put to work and easing off the inside into the lane, stayed on well while grinding her way forward. TRIP NOTE: When the leader and a tracker raced off the inside down the backstretch, this one showed a big burst of speed to advance at the rail and poke his head in front entering the far turn, which resulted in 'pace pressure through honest splits' through the far turn. He was ridden with confidence as he dealt with outside pressure as the far turn progressed, and after finally being set down to kick at the top of the stretch, stayed on gamely to kick and resist. This was a solid performance that deserves some extra credit!

RACE NOTE: The pace was HONEST.

TRIP NOTE: A so-so break resulted in her rider SENDING her to earn a forward position, which wasn't great considering the tempo. She followed from just off the pace early, gained with the outer flow as the turn progressed, and after a moving 3-4W for the lead over the dirt portion of the course, was slightly weakened in the lane. A solid try after a poor turf trip overall deserves some praise as she switched back to 2-turn racing.

RACE NOTE: The pace was VERY FAST / HOT.

TRIP NOTE: There are just two things to consider for this runner: 1) This field traveled slowly throughout, which left her at a big disadvantage as she 'lagged and looked to rally late.' 2) After a patient rider and easing into the clear for the stretch drive, she BLITZED the field in the lane and then showed off a big gallop out by continuing forward to leave the pack far behind! This is a sharp runner.

RACE NOTE: The pace was a DAWDLE THROUGHOUT.

TRIP NOTE: She pressed the pace and dueled with (2) runners to her outside in the first 1/4 mile, was TAKEN BACK to stalk and avoid a prolonged duel, but after stalking and looking to take a shot at the leading pair, was overtaken by an outside rival and hemmed in, which resulted in a chasing spot from bad in-between spots the rest of the way, and then got SLAMMED while weakening, which finally led to this jockey giving up. A terrible trip throughout should be excused!

TRIP NOTE: She settled at the back while targeting an unreasonably FAST PACE throughout, gained at the inside before receiving an EXCELLENT ride to slingshot 2-3-4-5+W over the dirt portion of the course, and after leveling well in the lane, drew clear and held firm. A nice performance after a VERY GOOD TRIP from the back, we'll be downgrading the performance and asking her to PROVE IT AGAIN on the stretch out.

TRIP NOTE: She raced 3W through the clubhouse turn (widest), continued uncovered while patiently handled and losing a little ground through the middle stages, and after launching a 3+W rally (widest) through the far turn, sustained her finish strongly to reach the leader and earn the lead. A solid performance to overcome the pace while also covering the most ground deserves extra credit!

TRIP NOTE: She held a ground saving trip from off the pace as leaders carved out an unreasonably FAST PACE throughout, appeared very dangerous as she began easing off the inside and looking to make a split of rivals towards the outside at the top of the stretch, but when caught in-between and getting crowded and stymied, lost 2+L and all of her speed! She tipped into the clear and finished strongly to close the gap in the final furlong, but was unable to overcome the obvious trouble. A good trip that went terribly wrong, we'll leave this trip as neutral for one reason - if she'd have gotten through the finished on par with the winner, we'd have downgraded the win.
