TRIP NOTE: He settled off the pace while widest as the gap met the main course, continued 5W (!) through the clubhouse turn and continued wide down the backstretch, and after launching a 4-5+W bid throughout the far turn, stalled in the stretch. An obnoxiously wide trip throughout, he was actually racing himself into contention before finally flattening - upgrade this performance.

TRIP NOTE: The comments in the PPs are meaningless! Ignore them! He pressed from in-between horses in the early stages before being freed up to his outside, which gave him the chance to ease off the leader and track, began to pick up the pace early in the far turn and was allowed to advance and move alongside the pacesetter (which resulted in these two kicking for the finish), and after squaring off and racing head and head into the lane, grinded away and did get past the leader, but was overtaken by a rival to his outside that tagged them both in the final jumps. A pace beneficiary and good try also, we recommend mildly downgrading this effort. New connections take over.

TRIP NOTE: He raced under a snug hold through the early and middle stages while saving ground and following the pocket runner at the inside, appeared to be traveling very well as several foes were being SENT to finish and he was being ridden quietly and with a ton of confidence, and when the runner that he was following eased off the rail leading into the stretch, 'Mr Brizel' was freed up to advance and slip through an opening at the rail! TRIP NOTE: There are a few things worth noting for this runner: 1) Yes, he targeted a FAST PACE and saved ground throughout, BUT, he 2) also pulled his way forward on the backstretch and had to be restrained to avoid running up on the heels of another foe, and then was ridden with a TON OF PATIENCE in the far turn while hemmed in a bit. 3) After finally being freed up in the lane, he EXPLODED through the stretch to win easily, and then showed off HUGE ENERGY on the gallop out while running through some restraint! A good trip overall, it certainly seemed like he had plenty more to offer, and we'll give a nudge forward as a result.

TRIP NOTE: He was a bit fidgety in the gate and then shook his head badly while rank leaving the gate, losing 1+L overall, and after it appeared he was going to settle, was briefly keyed again as he traveled at the rail into the clubhouse turn. He settled down as the first turn progressed, traveled off the pace and at the inside down the backstretch, and after being asked to gain into open air at the rail in the far turn, failed to get involved. A tough trip given his early antics and trying to close into a pace that gave the leaders a breather before sprinting for the finish, it might be best to take this running line with a grain of salt. He makes start #2 off of the layoff today.

TRIP NOTE: He was allowed to settle wide and 'with the main pack' down the backstretch, which was a neutral spot overall, but when asked to pick up the pace as the majority of the field began to gain, he lost ground while traveling wide through the turn. A neutral trip and dull try 'on dirt,' he returns from a layoff and cuts back in distance.

RACE NOTE: The pace was 'FAKE FAST' as a runoff leader was ignored by the rest of the pack.

TRIP NOTE: She settled on the worst spot in the field as this field CRAWLED down the backstretch and she was wide and at the back, was patiently handled to avoid gaining and getting fanned wide as she was ridden patiently while 3W in the turn, and after finally being asked to finish in the lane and picking up the pace, gained a bit before leaning inward in the late stages, which caused her to flatten. A bad turf trip gave her almost zero chance of success. Excuse the running line or upgrade as you see fit!

RACE NOTE: The pace was a ABSOLUTE DAWDLE THROUGHOUT.

TRIP NOTE: He was off a hair slow and suffered a negative bump at the start, losing 1L overall, which doesn't sound like much, but after landing 4-5L from the early lead, blasted off under his own power down the backstretch to land in the pocket. He looked very good at the inside through the far turn, was finally urged into the lane and made a nice split of rivals to emerge with the lead near the 1/16 pole, and was barely tagged on the finish line in defeat. A big effort 'on dirt' deserves an upgrade as he moves to the turf.

RACE NOTE: The pace was NORMAL.

TRIP NOTE: He prompted a rival to his inside as these top (2) got away with SLOW fractions through the early and middle stages, was coaxed as an outside rival approached as the field crossed over the dirt portion of the course, but when it came time to finish, he was outkicked when it mattered, which was disappointing given the early benefit. A top rider takes over as he moves to the "flat."

TRIP NOTE: The PPs capture what you need to know. He was patiently handled at the back while saving ground throughout, was eventually urged to finish after easing 2+W to try and get around a rail-running foe, but after initially looking towards the outside and then cutting back to the inside for the stretch drive, finished willingly despite failing to seriously threaten. A good turf trip overall, he cuts back in distance in start #2 off of the bench.

TRIP NOTE: This was not a great ride. He was given stout restraint to settle wide and off the pace in a race that traveled slowly down the hill, and after trying to launch a 4W bid in the turn, not surprisingly struggled to make headway in the stretch! A tough trip that was wide and vs the pace deserves some credit!

TRIP NOTE: She rated well as a willing tracker of a pair or leaders that got away with SLOW FRACTIONS down the hill, appeared to be traveling well as she was coaxed to pick up the pace outside of the 1/4 pole, and after being fanned slightly wide (4-5) into the lane, finished willingly to earn place money. A better trip than most, we recommend slightly downgrading the performance.

TRIP NOTE: An outward break at the start may have cost him some quickness, but it ended up not meaning anything at all. He settled off the pace while wide on the backstretch, and attempted to gain while traveling 3-4-5W as the far turn progressed, and after briefly appearing uncomfortable at the top of the stretch, weakened in the lane. A poor turf trip overall (after a VERY LENGTHY LAYOFF) wasn't early, although he'll need to improve in start #2 off the bench.

TRIP NOTE: He stalked a clear leader and stalker in the early stages, advanced without needing encouragement to move into the place position as the far turn progressed (while wide), but when given more serious work leading into the stretch, he was unable to gain on a leader that left him behind, slightly weakening in the lane. A neutral trip overall, he moves from 'dirt to turf' and is freshened for today's performance.

RACE NOTE: The pace was HONEST.
