

# PELTONIA®

## 2021 RIDE WEEKEND HEALTH AND SAFETY UPDATES

Credentials are going to be sent ahead of time. Get ready for a fun unboxing experience!

Finish Lines will look similar to most years, with the exception of no shower facilities or massages. And new this year—Rider gifts will be distributed after crossing the Finish Line!

PBJ is here to stay! Food and beverages will be served to people rather than the open buffets of the past.

Transportation options will be available with limited capacity.

Sanitation Volunteer shifts have been added to help with cleaning through the weekend.

We're adding more restrooms, first aid stations, and hand sanitizing options. Remember to wash those hands!

### 2-DAY ROUTE OPTIONS ARE AVAILABLE!

We've created an amazing experience that allows participants to ride Saturday and Sunday, without the health risk of overnight stays in dorm rooms.

### CHOOSE-YOUR-OWN START ADVENTURE.

Every registered Rider departing from Downtown will initially be added to the traditional start group that will start near McPerson Commons. If you would like to start in the controlled start group at Columbus Commons, where masks will be required, there will be an opportunity to select this option as we get closer to Ride Weekend. Riders who start from New Albany and are looking for a more socially distant start will be added to the wave group that leaves last.

### WONDERING ABOUT MASKS?

Take a look at our chart to see where masks will be recommended or required.

START VENUES	VACCINATED	NOT VACCINATED
Public/Common Spaces	MASK NOT REQUIRED	MASK NOT REQUIRED
