Days 2–3

Eastern Serengeti

Eastern Serengeti Nature Refuge

- Fly to a Thomson-exclusive nature refuge in the Eastern Serengeti.
- Explore on foot during the day and search for nocturnal wildlife on a night drive.
- Listen to a Maasai storyteller share the legends and traditions of her people.

Operating outside the borders of the national park, the Eastern Serengeti Nature Refuge grants your group an unscripted style of exploration that simply isn't possible on standard safaris. Guided walking safaris with local Maasai naturalists let you step out into the open savanna on foot, decoding fresh tracks stamped into the soil and learning how indigenous plants support both wild animals and traditional medicine. Once night falls, head back out into the quiet darkness to scan for active nocturnal hunters, including bat-eared foxes, genets, and elusive aardvarks. Between wildlife outings, visits to a neighboring primary school and a women's craft cooperative offer a genuine connection to modern Maasai community life.

This 10,000-acre private sanctuary is especially famous for supporting one of the highest concentrations of Maasai giraffes in Tanzania, and seeing them requires remarkably little effort. Camp life naturally revolves around a lively natural watering hole positioned directly in front of the main lounge deck. Here, you can unwind with a cold drink or morning coffee as steady streams of giraffes, zebras, baboons, and warthogs emerge from the surrounding woodland to drink and socialize, bringing dynamic animal interactions right to your seat.

Days 4–8

Serengeti National Park

Big cats and migrating herds among granite kopjes

- Head for the iconic Serengeti, where acacia trees and granite kopjes dot the seas of waving grass.
- The Serengeti offers everyday opportunities to spot Tanzania's most impressive wildlife—including big cats—and witness dramatic moments in the Great Migration of wildebeest and zebras.

Entering Serengeti National Park puts you right in the center of the action, where four unhurried days allow you to settle in as wildlife moves naturally around you. You might spend an afternoon watching mixed herds of zebra, giraffe, and impala filter through open clearings, listening to the sharp click of hooves on dry earth and watching the sudden warning tail-flicks that ripple through the group.

Your guide translates subtle signals like overhead vulture kettles or sudden alarm calls to reveal active wildlife nearby, leading you to lion prides resting in the shade of granite kopjes, elephant families navigating the woodlands, and dense pods of hippos grunting in muddy river bends. When the sun dips, return to a seasonal Nyumba camp—a private, low-impact canvas retreat deliberately relocated throughout the year to keep your group embedded directly within prime wildlife corridors, letting you fall asleep to the wild sounds of the night.

Days 9–10

Ngorongoro Highlands

Crater wildlife by day, Gibb's Farm by night

- Another short flight will take you to the Ngorongoro area. Just 10 miles wide, Ngorongoro Crater was formed from a collapsed volcano.
- It's now a self-sustaining ecosystem with the densest predator population in all of Africa. Explore the highlands by day with their lush, rolling hills and indulge at Gibb's Farm by night. One of Travel + Leisure's Best Safari Lodges in Africa, Gibb's Farm is an 80-year-old working coffee estate offering farm-to-table dining, luxurious rooms with private verandas, and optional spa services.

Leave the open plains behind as you travel toward the dramatic Ngorongoro Highlands, watching the landscape shift from flat savanna to terraced green hillsides and dense acacia woodland.

Arrive near the crater rim in the late afternoon and check into your Nyumba camp, set high on the caldera edge where the mountain air turns cool and crisp. Take in the broad view looking down into the massive volcanic bowl below, then sit down to a warm, traditional Tanzanian dinner featuring regional specialties like ugali and slow-simmered stews. Afterward, turn in early—positioning you for a quick morning descent onto the crater floor well ahead of peak visitor traffic.

Days 11–12

Tarangire National Park

Ancient baobabs above some of Africa's largest elephant herds

- Explore Tarangire National Park, where ancient baobab trees tower over some of the largest herds of elephants in all of Africa.
- Keep a lookout for the hundreds of bird species Tarangire is known for—and dramatic interactions between predator and prey at the park's watering holes.

Journey south into Tarangire National Park, a striking landscape characterized by red earth, sweeping marshes, and iconic, ancient baobab trees. The life-giving Tarangire River acts as a natural magnet for wildlife, drawing extraordinary numbers of animals—most notably some of the largest elephant herds found anywhere on the continent.

Spend two days exploring riverbanks and open woodlands where elephants splash in the riverbed, giraffes browse high in the acacias, and lions rest in the shade of sprawling baobabs. As sunset paints the sky in shades of gold and amber, return to camp to gather around the campfire and share stories beneath a brilliant blanket of stars.

Day 13

Kilimanjaro International Airport

A farewell lunch in Arusha before flights home

- Head to Arusha, where you'll enjoy a farewell lunch at Arusha Coffee Lodge. Relax in a day room at Arusha Hotel before your flight home.

Enjoy a quiet final morning taking in the sights and sounds of the bush before making the scenic return drive to Arusha. Upon arrival in town, bid a fond farewell to your guides, who have shared their deep wisdom and passion for Tanzania throughout your journey.

Following your send-off, head over to the picturesque Arusha Coffee Lodge to enjoy a delicious lunch among the coffee trees. Afterward, settle into your comfortable day room at The Arusha Hotel to refresh, pack your belongings, and reflect on the memories of your trip before meeting your transfer driver for the final ride to Kilimanjaro International Airport.

Days 9–10

Karatu

Ngorongoro Highlands & Gibb's Farm

- Descend early into the crater in search of lions, elephants, hippos, flamingos and black rhinos.
- Explore grasslands, wetlands and forests within the crater's steep volcanic walls.
- Retreat to Gibb's Farm, a historic working coffee estate with farm-to-table meals, gardens and private cottages.

Descend 2,000 feet down green, forest-draped walls onto the floor of the Ngorongoro Crater—a 100-square-mile self-contained sanctuary holding roughly 25,000 large mammals. Spend the morning tracking the Big Five across open short-grass plains, freshwater marshes, and acacia groves, keeping an eye out for ancient bull elephants, prides of lions, wallowing hippos, and the rare, heavily protected black rhino.

In the afternoon, trade the dusty safari trails for the lush tranquility of Gibb's Farm, a historic 1920s coffee estate nestled in the highlands. Over the next two days, soak in the gentle pace of farm life: stroll ten acres of organic gardens, relax in your garden cottage, watch coffee roasters at work, and enjoy farm-to-table meals prepared with fresh produce harvested right from the grounds.

As of July 1, 2016, Tanzania imposed a new Value Added Tax (VAT) on tourism activities. VAT starts at $300 and varies by trip. Single accommodations start at $800 and vary by trip. All prices are subject to change without notice.

Group Size

We specialize in small group travel (about 14 people or fewer), but the exact size varies from trip to trip. One thing's for sure: you'll have plenty of elbow room, 360-degree sightlines, and a guaranteed window seat.

What's Included

Your safari land package includes all accommodations, meals, purified water (with meals and on wildlife drives), airport transfers aligned with Delta/KLM flights, park fees, and the services of guides and drivers.

Not Included

International airfare is not included.

Additional costs may include tips for your guides, drivers and staff, bar beverages, laundry service, phone calls, passport and visa fees, souvenirs, and travel insurance.

Your pre-departure packet includes visa application instructions and information on travel insurance and tipping.

Important Information

A 20% deposit is required to reserve your space. This deposit is non-refundable and non-transferable. Full payment is due 90 days prior to the first land day of the trip.

Notification of cancellation must be made in writing to Thomson Safaris. At the time we receive the cancellation, all moneys will be refunded less the following cancellation charges:

- 91 days or more before departure: cancellation fees equal the amount of your deposit
- 90 to 61 days before departure: 50% of the package price is non-refundable
- 60 to 46 days before departure: 65% of the package price is non-refundable
- 45 days or less before departure: 100% of the package price is non-refundable

No partial refunds will be given for unused meals, hotel rooms, airport transfers, etc., for any reason whatsoever. Thomson Safaris reserves the right to increase the tour price in the event of cost increases due to changes in airfares, currency fluctuations, park fee increases, fuel surcharges, taxes, etc. Accommodations are subject to change.

Travel Insurance

Thomson strongly encourages you to purchase travel insurance within two weeks of making your deposit to protect your investment, as we are not able to make changes to our cancellation policy for any reason. Travel Guard comes highly recommended by our guests.

Getting There & Getting Home

Delta/KLM have by far the quickest, easiest routing: an overnight flight from North America brings you to Amsterdam for a brief layover before arriving at Kilimanjaro International Airport. Our scheduled trips and airport transfers are designed with the KLM arrival schedule in mind, so check with your safari consultants or trip managers before making arrangements with a different airline.

You'll find your guide at the airport holding a Thomson Safaris placard with your name on it.
