

VAULT PENDANT

ORDERING MANUAL ACOUSTIC TILE

ateljé Lyktan

For square Vault systems made of 1144 mm Light bars an acoustic tile from Ecophon is available as an accessory. The acoustic tile rests on the edge on top of the Light bar and is held in place by a white lacquered metal frame or small metal clips if the tiles are adjacent.

Metal frame, clips and acoustic tile are available as accessories.

Note that the acoustic tile must rest on all four sides and be fixed with either a frame or clip on all four sides.

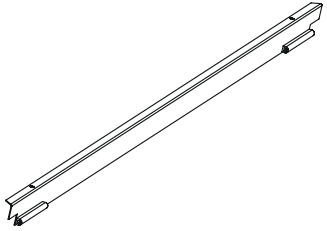

An acoustic tile resting on Vault Light bars and held in place by a white lacquered metal frame.

Vault with acoustic tile seen from below.

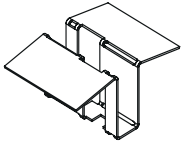

ARTICLE NUMBERS ACCESSORIES
