

## **Winter with Free2move and SHARE NOW: Innovative mobile solutions for a relaxed holiday season**

As every year, the cold season, accompanied by the pre-Christmas flair, invites you to immerse yourself in the festive mood together with friends and family. To enjoy these special times without giving in to pre-Christmas stress, SHARE NOW and Free2move, the international market leaders in free-floating carsharing, offer tailor-made mobility solutions:

### **From A to B: Flexibility and convenience for Christmas shopping**

With 24/7 vehicle availability and easy reservation via the app, SHARE NOW and Free2move offer maximum flexibility for all Christmas shopping and excursions. Customers benefit from the ability to book vehicles in advance, which significantly eases shopping during the often hectic pre-Christmas period. Thanks to a selection of large and small vehicle models, gifts and errands can be transported effortlessly. The 'additional driver function' allows customers to invite a co-driver, making the driving experience shared and more enjoyable. SHARE NOW and Free2move ensure that their vehicle fleet is prepared for all weather conditions by equipping all vehicles with winter or all-weather tires. Lastly, the offer of free parking in the Home Area and selected shopping centers ensures a worry-free shopping experience.

### **City escape: Your winter weekend away from the city rush**

Tired of the big city? No problem! SHARE NOW and Free2move offer the perfect solution for anyone longing for a quiet Christmas getaway or wanting to leave the city for a few days. The long-term rentals from SHARE NOW and Free2move allow for time-flexible travel arrangements – the service is available at all 16 European locations and permits usage for up to 30 days. Especially in winter, when longer trips are popular, this option represents an attractive alternative to traditional train travel – ideal for visiting family, a trip to the mountains, or a relaxed break away from everyday life.

### **Safe and stylish driving experiences with the SHARE NOW and Free2move vehicle fleet**

With a comprehensive selection of vehicles – from efficient electric cars and agile city cars to spacious SUVs – there's an ideal model for every shopping trip and group. The vehicles, including brands like Peugeot, Opel, Fiat, and Citroën, are equipped with modern features. These include automatic parking and lane-keeping assistants, as well as built-in navigation systems, making the driving experience safe and enjoyable. The combination of flexibility, comfort, and style makes car sharing a perfect choice for staying mobile and flexible during winter, the pre-Christmas period, and the festive days.

### **About SHARE NOW**

As the market leader and pioneer of free-floating carsharing, SHARE NOW is present in 16 European metropolises with around 10,000 vehicles, about 3,000 of which are electric. More than four million customers already use this service. SHARE NOW offers a sustainable solution for urban mobility and significantly contributes to reducing traffic in cities as part of the mobility services. With vehicles from brands like Citroën, Fiat, Opel, and Peugeot, SHARE NOW continues to expand its European market leadership in free-floating carsharing. The mobility service provider was founded in 2019 and is headquartered in Berlin. Since 2022, the company has been part of Free2move, the mobility brand of the Stellantis group.

#### **About Free2move**

Free2move offers a complete mobility ecosystem and a range of services for its private and commercial customers around the world to satisfy the diverse travel needs of its customers – from one minute to several days or months with carsharing, car rental, car subscriptions, and mobile parking services. Free2move relies on data and technology to put the customer experience at the center of its business and reinvent urban mobility. The company is headquartered in Paris, France, and is part of the multinational Stellantis group. Free2move in numbers: more than 6 million customers, 450,000 rental vehicles, 500,000 parking spaces.
