### CAMA07-000/01

#### Side View Camera

A very robust camera designed for heavy usage, its aluminium housing providing protection to the lens from potential damage caused by brushing into trees or branches. Complete with Infra Red LED's for clear visibility in all light conditions. With options available for nearside and offside fitting these cameras can be used to prevent collisions and also to give all round vehicle visibility if fitted to the front and rear of the vehicle.

#### Features and Benefits

- High Definition 960P
- Night vision to 8m
- IP67 waterproof and vandal-proof housing
