Overview

The Masters Series is sponsored by Bethesda Softworks LLC (“Bethesda”). Winning your seat at the second Masters event will be a straightforward process done through four qualifying tournaments and one “Last Chance Qualifier.” These two-day events will be held online over several weeks, open to all eligible players, and each qualifying tournament will distribute \$1,000 in cash prizes to the top eight players. An invite to participate in the Master Series tournament at Bethesda’s 2019 QuakeCon at the Gaylord Texan Resort & Convention Center in Grapevine, Texas (“**QuakeCon**”), complete with travel and accommodations, will be awarded to the first place finisher from each qualifying tournament. The Masters Series finals will be played on Friday, July 26, 2019.

Masters Points will also be up for grabs in these qualifiers. These will play a role in the qualification of players as shown below:

- 4 players will qualify through winning 1st place in a Masters Series Qualifier
- 2 additional players will qualify and receive flights + accommodations to the Masters finals through being the top two Masters Points earners at the conclusion of the fourth Masters Series Qualifier.
- 2 players will qualify and receive flights + accommodations to the Masters finals through placing in the top two of the Last Chance Qualifier, a single-elimination tournament

played in the same format as the Masters Series Qualifiers featuring the 3rd-10th highest Masters Points earners who have not already qualified at the conclusion of the fourth Masters Series Qualifier.

Qualifiers

1. General

1.1 No Show

Both players have to add each other to their in-game friend list. If a participant is not ready to play 15 minutes after the scheduled match time, please submit a protest ticket with screenshot evidence that the player did not show up. This is the fastest way to get your match checked to move on to the next round.

1.2 Disqualification

To keep the delay during the cup as short as possible we reserve the right to disqualify players from the tournament. This will only be done in cases when a player shows no real effort to complete a match or is obviously avoiding their opponent. In more drastic cases this can be applied to both players.

1.3 Match Result

After each match, both players have to enter and confirm the match result on Battlefy. Always record the result using a screenshot.

1.4 Screenshots

All match media (screenshots, demos, etc) must be kept for at least 14 days. In general, you should upload the match media from a match to the match page as soon as possible. Faking or manipulating match media is of course forbidden and will result in disqualification. Match media should be named clearly based on what it is. It is not possible to file a protest or write a support ticket to complain about bad match media naming. However, if an Admin (defined below) is hindered in his work because of bad match media names, penalty points can be assigned. We suggest to take a screenshot of all situations during a game, the screenshots will be used by an Admin in protests and should be uploaded on request.

1.5 Nicknames Compulsory

Each player has to use the nickname that is entered in his/her player sheet.

1.6 Match start

In order to start a match it is necessary to log in to your account at Bethesda.net and invite each other. Afterwards can you start the match using the game settings outlined in the cup rules.

1.7 Bugs

Using bugs or glitches is strictly forbidden. If any unknown bugs or glitches are used, an Admin will review the case and decide if a penalty is necessary.

1.8 Game Account

For competing in the Masters Series tournaments and leagues a The Elder Scrolls: Legends Nickname is needed. This ID must be entered in your player profile.

1.9 Game Account Change

If needed, you can change your The Elder Scrolls: Legends Nickname. In order to do so, add your new The Elder Scrolls: Legends Nickname on the cup or league widget and confirm. In case of problems, please contact an Admin.

1.10 Disconnects

If needed, players must reconnect using the reconnect feature. Failure to do so after 5 minutes will result in a loss of that round.
