Dr. Ashley Smith, *DACVIM*

Welcome to Southeast Veterinary Oncology & Internal Medicine

At SEVO-Med, we are committed to providing you and your pet with the highest standard of specialty veterinary care. We understand that facing a serious illness or cancer diagnosis can feel overwhelming, and our goal is to guide you through each step with compassion, clarity, and expertise.

Our team is here to support both you and your pet, offering thoughtful, individualized medical care and clear, compassionate guidance. If questions or concerns come up at any point, please let us know. We strive to exceed your expectations and are honored that you chose us.

Our Philosophy

The team at Southeast Veterinary Oncology and Internal Medicine is committed to providing you and your pet with the highest standards of specialty veterinary care, grounded in compassion, trust, and personal connection. We understand the unique and special bond you share with your pet, and we never lose sight of how personal and emotional this journey can be.

At SEVO-Med, we focus on thoughtful, evidence-based treatment options paired with individualized care, taking the time to truly know you, your pet, and your goals. We believe in close collaboration between you, your family veterinarian, and our team to develop a treatment plan that feels right — one that prioritizes comfort, quality of life, and informed decision-making.

Throughout your pet's journey, we will guide you with honest conversations, steady support, and a genuine commitment to walking alongside you every step of the way. Let us hold your hands (and paws) as we travel this path together.

In the Event of an Emergency

If your pet experiences an emergency, please contact your local emergency hospital or your primary care veterinarian during their normal business hours. For local clients, we recommend:

First Coast Veterinary Emergency
Phone: (904) 853-6310
Address: 301 Jacksonville Drive, Jacksonville Beach, FL 32250

SEVO-Med partners with First Coast Veterinary Emergency for overnight and critical care hospitalization. During your pet's stay, your pet will be monitored by an emergency veterinarian who works closely with your SEVO-Med specialist to ensure continuity of care.

Sincerely,
Your SEVO-Med Team
