

Boarding / Day Care Vaccination Policy

Providing compassionate quality care to our clients and patients is a priority at Above and Beyond Pet Care Hospital. In order to better serve our growing clientele and keep all of our patients happy and healthy, we have updated our vaccination policy as of January 2019.

All required vaccinations (as listed below) must be complete 14 days prior to check in at our boarding/day care facility.

Dogs

- Rabies
- DAPP
- Bordetella
- Bivalent Influenza (both initial and booster must be done 14 days prior to check in)
- Fecal Exam every 6 months (this can be collected during the boarding stay)

Cats

- Rabies
- PCR (Distemper)
- Feline Leukemia test yearly
- Fecal exam every 6 months

Above & Beyond Pet Care Hospital reserves the right to add to or change this protocol as needed.
