

## FOR PETS AND THE PEOPLE WHO LOVE THEM.

We have established preventive care recommendations to ensure that every pet receives the highest level of care to live a long and healthy life.

### Wellness plans for the life of your pet.

- 🐾 Plans for each life stage
- 🐾 Affordable monthly payments
- 🐾 Out of plan discounts for professional services
- 🐾 Peace of mind knowing your pet is healthy

## PAW Plans help your pet get the best preventive care possible.

We treat your whole pet starting with routine office visits, vaccinations, lab work, spay/neuter and dentistry (determined by the age of your pet).

- Professional Preventative Dental Cleaning and Oral Evaluation - The procedure is performed under general anesthesia. We perform and include a full pre-anesthetic exam, pre-operative medications (including anti-nausea and pain management), comprehensive monitoring, and patient warming and fluid therapy during the procedure, all to keep your pet as comfortable as possible during hospitalization and recovery. Before cleaning, a complete oral exam is performed including dental charting and full mouth dental x-ray images. Then the teeth are cleaned above and below the gum line utilizing an ultrasonic scaler. Finally, the teeth are polished to smooth the enamel which makes it more difficult for plaque and tartar to adhere. **Surgical tooth extractions are not included and will incur additional fees.**
