

**BOARDING DATES:**

Client Name:  
Patient Name:

Condo \$25.75  
Run \$32.00  
XL Run \$39.00  
Cat Condo \$25.00

I give my permission to the staff of Bay Glen Animal Hospital to board and to administer vaccinations, medications, and/or treatments that the veterinarian on call deems necessary for the health, safety, or well-being of <animal> while under the supervision of Bay Glen Animal Hospital. I understand every effort will be made to contact me if an emergency occurs. However, if I cannot be reached, medical treatment will be provided at my expense.

For the health of all pets boarded at Bay Glen Animal Hospital, current vaccinations, given by a veterinarian, are required.

**VACCINES REQUIRED FOR DOGS: RABIES, DISTEMPER/PARVO, BORDETELLA & INFLUENZA  
VACCINES REQUIRED FOR CATS: RABIES & DISTEMPER.**

In order to prevent the transmission of intestinal parasite, we require an intestinal parasite exam with negative test results within the past 6 months, or one will be performed upon admission. A pet with a positive fecal result will be treated with the appropriate medication, and may also require an exam by a veterinarian.

We have high standards of care for each of the animals that we board. Therefore, dogs 6 months of age and younger are charged an extra fee of \$9.50 per day. This charge covers the extra time and care that puppies require to keep their cages clean, and to feed them more frequently. Boarding charges are updated daily at 1:00pm. Animals picked up after that time will be charged for that day. All pets will be checked for fleas upon arrival. If fleas are present, your pet will be treated at your expense.

**Signature:** \_\_\_\_\_ **Date:** \_\_\_\_\_ / \_\_\_\_\_ / 2019

**Best Contact Number(s):** \_\_\_\_\_

**PLEASE FILL OUT THE FOLLOWING**

Date you will pick up: \_\_\_\_\_ (circle one) AM NOON PM
