- Core Dental Procedure and Oral Evaluation - The procedure is conducted under general anesthesia. A pre-surgical exam is performed along with pre-anesthetic blood work for every patient. I.V. fluids are administered and your pet is monitored during the entire procedure. Dental charting and photographs are taken before the teeth are cleaned above and below the gum line. Digital dental x-rays are taken to assess the health of the teeth under the gum line. The teeth will then be polished and sealant applied. *Costs including and associated with dental surgeries and extractions are not included.*

For pets and the people who love them

Each pet is unique and at Clocktower Animal Hospital, we have plans specific to each pet's needs. We have established preventive care recommendations to ensure that every pet receives the highest level of care to live a long and healthy life.

Wellness plans for the life of your pet

- ✓ Plans for each life stage
- ✓ Affordable monthly payments
- ✓ Out of plan discounts for professional services
- ✓ Peace of mind knowing your pet is healthy

Our pets rely on us to keep them happy and healthy. PAW Plans make it easy for you to ensure they get the care they need to live their best life.

PAW Plans help your pet get the care they need to live a long and healthy life.

We treat your whole pet starting with routine office visits, vaccinations, lab work, spay/neuter and dentistry (determined by the age of your pet).
