DENTAL PACKAGE TERMS AND CONDITIONS

1. Additional dental services, such as oral surgery or tooth extractions, additional anesthesia, and pain medication are not included in the Routine Dental Package and either must be paid for in full at the time of service or paid via additional automatic monthly payments.
2. All other exams, vaccinations, diagnostics, treatments, procedures, and medications (including those necessary due to an anesthetic emergency) are not included in the Dental Package and must be paid for in full at the time of the service.
3. Due to the need for general anesthetic, all procedures (with the exception of the blood work) must be performed on the same day.
4. The Dental Package and all of the included services will expire 6 months from the date of purchase as listed on page one of the agreement.
5. The Routine Dental Package is non-refundable. No refund, partial refund, or account credit will be issued regardless of which services have or have not been utilized.
6. The Routine Dental Package is only valid at Eagle Animal Clinic and for the pet in which it was purchased. Unused services cannot be transferred to another pet and will only be honored for the pet listed on the agreement. However, services are transferrable with the pet (if you re-home your pet, with your consent, the package services will be transferred to the new owner).
7. The Routine Dental Package and included services are not eligible for additional discounting and cannot be combined with other special offers and promotions. We will, however, always honor the best available (highest value) discount.
