

Nutrition Referral Form & Questionnaire
Dr. Moran Tal-Gavriel, DVM, DVSc, Dip. ECVCN

Required documents prior to consult

- Completed questionnaire
- Medical history for the last year and any/all labwork and diagnostics for the past 6 months

Please return all documents by email to Central Toronto Veterinary Referral Clinic: info@ctvrc.ca, at least 3 days prior to the consult, with the following details in the subject line:

Attention: Dr. Tal-Gavriel, companion's name and owner's last name

Important note: The consultation with the client includes an initial evaluation, a review of medical and nutritional history, and preliminary guidance where appropriate. Diet plans, whether commercial or homemade, and other services are available at an additional cost.

Current medical history/conditions (up to last 1 year): _____

Past medical history/conditions: _____

Additional Information

May the client be contacted directly for complementary information? Yes No

If a commercial diet is of interest, do you prefer the clients to purchase the diet at the clinic?

Yes No Depending on availability of products (please explain below):

If professionally possible (e.g. commercial diet plan for multiple medical conditions, but not in the case of tailored weight loss plan), would you prefer the nutrition consult to be conducted directly with the clinic or with the client? Clinic Client

Thank you for choosing CTVRC, and we look forward to a great collaboration for your patient's nutritional health care.
