Peak Oncology Service Updates

 (802) 878-2022

www.peakveterinary.com

158 Hurricane Ln,
Williston, VT, 05495

As you may be aware, our Peak Specialty Departments have been inundated with new consult requests over the last few years. We have been managing these requests carefully and have been successful in accommodating nearly all new consults.

At this time, and in the best interest of patient care, we will temporarily discontinue accepting new consults for our Oncology Service starting August 12, 2024. We will send an update once the service is open again. We hope this temporary shutdown only lasts 6-8 weeks. This is exclusively due to the sheer number of new consult requests and our commitment to prioritizing current patients who require rechecks and chemotherapy appointments.

Until we are able to accept new consults, we ask that if you have an oncology case that it be sent to one of the regional oncology practices on Page 2.

Supporting You

We understand the importance of seamless communication and collaboration between our teams. If you have any questions or need assistance regarding oncology cases, don't hesitate to reach out to us. We're here to support you and your patients.
