PET ANNUAL WELLNESS

PAW PLAN OVERVIEW

Cats age at a much faster rate than people. For every year that you age, your cat will age from 6 to 8 years.

Your cat's medical and nutritional needs will also change as their bodies age. A PAW Plan helps manage their evolving needs by detecting problems early, before they become life threatening.

Every adult PAW Plan offered by Spanish Trail Animal Hospital includes all necessary examinations, vaccines, and laboratory tests essential to protect your pet against illness and disease. The Gold plan is designed to provide more extensive diagnostics, dental cleaning and microchipping. Our goal is to keep your pet healthy and happy during the prime years of their life.
