

Thank You

Dear Valued Clients,

It is with a heavy heart that I share the news that I will be leaving East Brook Animal Hospital on December 19th. Despite my love for this practice, other circumstances have led to my decision to move out of the country.

Over the last six years it has been my absolute pleasure to meet you and your beloved pets and build relationships with you on this journey. I cannot express my appreciation enough that you have shared your furry family members with me and trusted me with their care. Know that I never took that responsibility for granted and always did my best to provide the best, most up-to-date medicine that I could.

I will miss you and the East Brook team very much and hope that I can leave you in the capable hands of my colleagues.

Sincerely,
Cara Spagnoletti, DVM
