Training

Our training programs are designed to enhance your relationship with your dog through a “balanced approach,” which means we utilize multiple methods, techniques, and approaches. Our system is designed to do three things:

- Teach dogs to obey verbal commands through a positive approach
- Teach pet parents how to maintain a dog’s positive behaviors, and even improve them over time
- Ensure that the training “sticks” through ongoing support and coaching

Schedule a free training evaluation by calling (916) 221-7766.
