

How to Begin

To start your pet's journey into the Happy Paws Doggie Daycare crew at Animal Medical Center or Petal Animal Clinic, simply give our front desk team a call to schedule a complimentary daycare assessment.

During the assessment, our daycare manager will meet and interact with you and your pup to get a sense of their temperament. From there, your pet will be introduced to a few of our daycare dogs and, once comfortable, will be slowly integrated into the group—always under the close supervision of our experienced daycare staff.

At pickup, our daycare manager will review how your pet did and let you know if they're ready to join the Happy Paws crew full-time.

Happy Paws Doggie Daycare

HIGHLIGHTS:

Benefits:

Daycare gives your pup the chance to burn off extra energy, enjoy healthy socialization with other dogs, and stay mentally stimulated throughout the day. With structured routines, including supervised play and nap times, your dog will benefit from both fun and balance. Plus, you'll have peace of mind knowing your furry friend is safe, cared for, and having the best day while you're busy.

Appointments:

Is your pet due for vaccines, a vet check, or a groom? Drop them off at Animal Medical Center or Petal Animal Clinic for daycare, and while they play, our team will handle their medical care or grooming. It's an easy, stress-free way to keep your pet happy and healthy and prevents you from having to take time out of your busy day!

In-House Veterinarians:

Accidents happen — and when they do, you can rest easy knowing your pup is in the best place possible! Our daycare is located inside a veterinary hospital, which means your pet has immediate access to medical attention if ever needed. Their safety and well-being are always our top priority!

ABOUT US:

Happy Paws Doggie Daycare is the perfect place for your pup to play, socialize, and burn off some energy while their paw-rents are at work, running errands, or just need a little break! We welcome small, medium, and large dogs, all enjoying safe, supervised fun together in harmony. Need a ride? Our Pet Taxi can pick up your pup and bring them to daycare so they don't miss a minute of the fun!

Open Monday–Friday
7:30 a.m. – 5:30 p.m.
Nap time: 12 p.m. – 1 p.m.

Because every pup deserves
playtime and paw-sitive
socialization!

REQUIREMENTS

Requirements for Daycare:

Yearly:

DHPP or DHLP Vaccination
Rabies (we will accept a 3 year rabies vaccination)

Every 6 Months:

Kennel cough vaccination and
Intestinal Parasites Exam

Every 3 Months:

Deworming for roundworms, hookworm, whipworms, and tapeworms; this is required even if your pet is on a monthly prevention that is labeled intestinal parasite control.

Prevention:

Heartworm and flea/tick prevention is required.

Spay/Neuter:

Must be spayed/neutered by the age of one.

All of these services can be completed within Animal Medical Center and Petal Animal Clinic upon your request
