

Donated Medications SOP

-Medications that were previously dispensed by a DVM of St Paul Veterinary Clinic within 7 days, can be accepted for donation.

-These medications can be dispensed to clients who are financially constrained, or otherwise unable to fund necessary medications for their pets.

-This EXCLUDES any, and all, controlled substances. We cannot accept these medications for donation. These clients should be directed to dispose of them through the police department or their local pharmacy.

-If you are unsure if a medication is a controlled substance, consult <https://www.deadiversion.usdoj.gov/schedules/>
