

About Us

At Restful Paws, we specialize in end-of-life care.

We believe that dogs and cats with terminal illness and at their natural end of life are the ones that need us the most. Our doctors and staff will provide your pet with the most compassionate care possible. We will help your family through each step of this difficult time.

“Exceptional, caring service. Truly kind people. Restful Paws helped us every step of the way, even taking care of cremation. They comforted us during our worst time.”

– MICHAEL

Our Veterinarians

Our compassionate doctors are here for you and your pet. To learn more and meet our team of doctors, please visit:

“I cannot even begin to express the amount of compassion the doctors at Restful Paws have for both pets and their families. While the process of losing a loved one is so hard, they take the time to take care of everyone involved and make it easier.”

– LINDSAY

How Do I Know When It's Time?

Dogs and cats do not show pain like we do. This makes it hard to know when they need additional help or when it is time to say goodbye. Our goal is to help you understand your pet's condition and assist you in evaluating his or her quality of life.

Our focus is on giving your pet the best quality of life possible. When your dog or cat has terminal illness or is at their natural end of life, we can help evaluate your pet and form a plan specifically addressing his or her needs. Please call so we can answer your questions and help support you in making this evaluation.

In-Home Euthanasia

In-home euthanasia allows for a peaceful passing in a familiar and comfortable environment for your dog or cat. We hope to make a difficult time a little easier for you and your pet. Please call to have your questions answered about the visit.

Aftercare Options

We can make the necessary arrangements for your pet's remains. There are options for private cremation, with several urns to choose from. If you prefer not to have your pet's ashes returned to you, we can arrange to have your pet's ashes scattered for you. You may also choose to make your own aftercare arrangements.

Please visit our website to view some of the options for aftercare:
