OUR PAYMENT POLICIES

Full payment is required when services are rendered.

Please note that patients with a serious medical condition may need surgery and diagnostic procedures. Surgery, diagnostics, and inpatient medical care may be costly.

We want to provide the best care to your pet, and we will provide you with an estimate for anticipated services when the pet is admitted. Please communicate with us IN ADVANCE if you are unable to make payment at the time of service.

If such payment arrangements are made, we accept deposit in the form of a check or major credit card, even if the service is covered by insurance, since the insurance company reimburses the policyholder, not the veterinary hospital.

We encourage you to discuss all financial concerns and address any questions to the attending veterinarian.

if we do not receive payment in full.
