

loyal

We're helping dogs like yours live longer.

Loyal is recruiting senior dogs to be part of our STAY study — the final effectiveness study for LOY-002, our medication to help dogs live longer and stay healthier as they age.

Talk with your vet about enrolling your dog. Participating dogs receive wellness visits and associated lab work at no cost for the duration of the study.

10

For dogs 10 years and older

14

Dogs must weigh 14 lbs. or more

4

Study lasts four years
