

## Lost Pet Resources

Dr. Anna Ball  
Dr. Shaw Bhuchholz

Once you contact Cascade Animal Clinic we will create a report in our system so we can contact you if/when your pet(s) is brought to our clinic. We recommended contacting the other veterinary clinics in Monroe, as well as Pilchuck Veterinary Clinic in Snohomish, as they are the closest 24-hour emergency clinic. The Everett Animal Shelter website recommends visiting their facility in person, checking their website daily, and placing ads online. Below is a list of the above mentioned phone numbers along with a list of Facebook pages specifically for lost pets.
