

# CAN YOUR DOG HEAR?

## BAER Hearing Testing NOW AVAILABLE

The BAER test is the **gold standard** in hearing testing for dogs!

### Who Should Get a BAER Test?

- **Breeders** seeking OFA certification for hearing in litters
- **Owners of breeds at risk** for congenital deafness, such as Dalmatians, Bull Terriers, Australian Shepherds, and Boxers
- **Pets with suspected hearing issues**, including unresponsive behavior or asymmetric reactions to sound

### Key Benefits:

- **OFA-certifiable** results for breeding programs
- Objective, **accurate results** — even in puppies as young as 6 weeks
- **Safe and stress-free** testing process
- Performed by a **board-certified veterinary neurologist**

Testing is available by **appointment only.**
