

Brookfield Veterinary Hospital, in Redmond, WA, is seeking a licensed veterinary technician to join our growing practice! We're AAHA ACCREDITED!

The Brookfield Veterinary Hospital is a busy AAHA accredited facility that has been providing the highest quality veterinary care for the Redmond community since 1999. We are a 5 doctor hospital with a dynamic support team. Our highly trained and dedicated team works together to serve our small animal clientele through our progressive approach to medicine and our utilization of the latest veterinary medical technology. Our hospital provides basic wellness checks, in-house diagnostic services, routine procedures, dental services, and senior pet care. It is also important to us to partner with the community that we aim to serve by providing free exams for pets adopted from local shelters and providing service donations to local charities for benefit auctions. Our doctors practice progressive medicine and enjoy full healthcare benefits including: health and liability insurance, professional dues and license costs, continuing education budgets, pet care discounts, 401K options and more!

Our Licensed Veterinary Technicians utilize their skill set to assist our doctors in providing gold standard medical and surgical care to our patients. Responsibilities include venipuncture, catheter placement, lab sample collection, admitting and discharging surgical patients, monitoring hospitalized patients, dispensing medications as directed by veterinarians and prepping and monitoring anesthetized patients. Written and verbal communication are two important skill sets that candidate must possess. We are looking for a candidate with a positive attitude who is willing to jump in and help the team. Our ideal candidate can multi-task in a fast-paced environment. Previous veterinary experience is preferred, however, we are willing to train the right candidate. Candidates must possess a valid Washington State license or be in the process of obtaining.

About the Hospital:

Recently remolded in 2013, our 6000 square foot facility comes equipped with a warm and welcoming reception area, 5 exam rooms, a dental suite, a surgical suite, a recovery suite, a grooming station, and boarding facilities designated for cats and dogs. Some of our other fun tools include:

Digital Radiographs

Digital Dental Radiographs

Ultrasound

Complete In-House Laboratory and an Outside Reference Lab with results available in 24 hours

Gas anesthesia (sevoflurane)
