

Lunch & Learn MENU

RACE-Approved Topics

- The Sick Urinary Obstructed Cat
- Staying Alive. A RECOVER update

Presenter: Dr. Christine Klippen, DVM, DABVP

Case Reviews

Submit a case for review by sending the patient's details, including a brief case summary, relevant medical history, lab results, radiographs, and any other information. Dr. Tag will review the case, and then bring lunch to your team for an in-depth, round-table discussion.

Other Topics

- Bottoms Up!: A fun dive into rectal administration of medications.
- The Heat Stroke Patient
- A Fluid Guideline Update (The 2024 AAHA Fluid Guidelines)
- Respiratory Distress: Identification and stabilization within the first hour.
- The CPR Debrief
- Acute Hemorrhagic Diarrhea

Other topics are welcome!

Order

To arrange a Lunch & Learn session for your team, kindly complete the Lunch and Learn form or reach out to your Referral Relationship Manager, Megan Williams, at megan.williams@ethosvet.com.
