
Enrolled Nursing Health Screening Requirements

Students must provide evidence of their immunisation records, as well as evidence of immune screening.

Immune Status for:

- Hepatitis B (Antigen & Antibody Screen)
- Measles (Antibody Screen)
- Mumps (Antibody Screen)
- Rubella (Antibody Screen)
- Chicken Pox/ Varicella (Antibody Screen)
- TB screening (refer to note below) Quantiferon TB – Gold Test
- MRSA screening swab
- Medical Certificate from GP – To determine fitness to practice

TB Screening:

Required test is the QuantiFERON- Gold test (QFT-G)

Note:

It is the student's responsibility to cover the cost of the blood tests as well as any additional vaccinations required to ensure full immunity. If you need a vaccine/booster you will need to get a blood test after 30 days to recheck immunity levels. Blood and swab tests can be done at your local Awanui Lab.

Additional vaccines may be required depending on the host organisation's policies.
