

CREATE A RANGOLI

You will need

- Salt OR Coloured sand
- Food Colouring
- Glue
- Ziplock bags (sandwich size)
- Printable Rangoli design or Rangoli book
- Cardboard (optional)

Steps to create your Rangoli

1. Place salt into ziplock bags and then add in two drops of food colouring. Shake the bag until all of the salt or sand is coloured. (Allow the colouring to dry before using)
2. Apply a small thin layer of glue onto the Rangoli design
3. Start putting your coloured sand onto the glued areas of your Rangoli. Blow off any additional sand and let your design dry
4. To add an extras element to your Rangoli, you could mount this onto a piece of cardboard for additional support
