

NOISY OUTLINES

Play suggestion:

The hexagonal shape is a great challenge for 4 – 5 year-old children.

Turn over the Memory Match cards and have children select one at random.

Once they have their card, place some translucent drawing paper over the top for them to trace their selected animal.

What tamariki will learn:

- Improves pencil grip and hand control
- Develops patience, focus, and perseverance
- Supports eye tracking and visual fixation
- Ability to be creative and expressive through activities
- Skill and confidence with art and craft processes
