# Flexit360

Your one-stop online solution for employee benefits plan management.

#### Flexit360 makes benefit selection and administration easy for your team

Our web-based interface allows convenient and comprehensive access to your group benefit plans.

Your employees and benefits managers will appreciate Flexit360's ability to help manage a variety of benefit plans: traditional, traditional with optional benefits, flexible or modular.

Flexit360 allows employers to expand their benefit programs to include optional benefits such as virtual care, critical illness coverage or employee purchase plans (EPP), often with discounted rates negotiated with other businesses.

- Supports over
  150 different flex and traditional plans
- Over 1.5 million successful enrolments

Flexit360 offers us the simplicity and seamless support to administer our complex benefit program as a way of doing business. There is no other way that we would have been able to support the administration of the flexible benefit program available to our employees.

### Flexit360 supports your efforts to boost employee satisfaction, engagement, benefits understanding and loyalty.

## Convenient set-up and administration

Flexit360 provides a complete benefits management system that supports enrollments, automated payroll, human resources information systems (HRIS) and carrier/insurance feeds. This can help employers lower the cost of administrating their benefits program.

Plan setup is easy and offers a high degree of customizable offerings and messaging to aid in employee communication.

## **Empower employees**

Flexit360 helps employees make informed benefit decisions and actively engages them in the enrollment process. The intuitive design saves employees time compared to paper-based enrollment and other tools. With Flexit360 employees can easily:

- Review and update coverage and associated costs
- Add or change dependants and beneficiaries
- Print confirmation statements, current benefit plan booklets and plans, dental and health claim forms and travel insurance forms

#### Easy employee benefit updates with one tool

Save time on benefits administration by easily:

- Updating employee information
- Moving employees between divisions
- Changing eligibility requirements
- Adding or terminating an employee
