

RADIOTELEPHONE SERVICES

Item

210 GENERAL

NC

- A. This item applies to General Service Radiotelephone furnished by the Company.
- B. Except as otherwise stated herein, General Service Radiotelephone is subject to the Terms of Service governing the furnishing of telephone service and equipment by the Company as published in Item 10.
- C. The General Service Radiotelephone offered throughout the system of the Company is available to fixed stations, vehicles, and ships which are equipped for this service, using frequency modulated (F.M.) or amplitude modulated (A.M.) equipment and which are within the effective operating areas of the radio terminals of this system.
