 TELUS® Health

(1) Traditional copper wire or copper wire hybrid networks are subject to capacity constraints and environmental stresses that do not affect TELUS fibre-optic technology which is based on light signals. Not available in all areas. (2) Security provided by Norton® Security Online and includes 2 licenses. Additional licenses cost \$2.99 each. Visit telus.com/officeinternet for more details. (3) Promotional price applies for up to 6 months if customer only has TELUS PureFibre Internet. If customer adds another new TELUS service (office phone, Business Optik TV, or mobile phone) customer will get up to 12 months of the promotional price. Offer subject to change. (4) For service plans with static IP addresses, a computer or device will have a Long Lease IP address; however, it must be requested via DHCP. TELUS does not support hard coded IP addresses. Publicly assigned static IP addresses are not available. (5) Offer available to business customers who have not subscribed to TELUS Business Optik TV service in the past 90 days. Monthly rate will apply for the first twelve (12) months and then regular pricing will apply. (6) Rental equipment must be returned upon cancellation or termination of service. Choice of wired or wireless digital box to be determined by customer preference and location. Additional wired or wireless digital box rentals are \$5/month each or a purchase price of \$150. (7) Installation price includes up to 5 TV's conditional upon the use of the existing TV outlets and telephone/modem jacks and the customer agreement to service terms and conditions.
