## Customer Specific Operator Services

This service provides for the use of the Company’s national operator services and includes:

1. **Directory Assistance Service (DAS)** which allows for the Customer's end-subscribers to:
   - Dial 1 + a North American Numbering Plan Area (NPA) 555-1212 and obtain Canadian or United States telephone listing information for the territory covered by the NPA;
   - Dial 411 and obtain North American telephone listing information; or-
   - Access Overseas Directory Assistance Service (OVS DAS), which is comprised of:
     - The Company’s Call Answer Agent (CAA) searching for Overseas listing information by accessing an external third party database;
     - The Company’s CAA interfacing with an overseas directory assistance operator or operator service provider to provide OVS DAS where necessary, to acquire a foreign listing; and
     - Providing call completion on the Customer’s network.

2. **National Operator Assistance Service (NOAS)** which is comprised of:
   - National Manual Operator Assistance Service (0, 00) (MOAS); and
   - National Automated Operator Assistance Service (0+, 01+) (AOAS).

3. **Message Relay Service (MRS)** enables persons who use a keyboard type device (e.g., TTY) to communicate with a hearing person anywhere in the world by calling 7-1-1 or a designated Toll-free number. A specially trained Company CAA will then contact the hearing person for whom the call is intended and relay the conversation by voice. The MRS CAA will alternate between the TTY user and the hearing person as required until the call is completed. Similarly, a hearing person may call the MRS Toll-free number and the MRS CAA will attempt to contact a TTY user anywhere in the world. Due to differences in technology, it is not always possible to connect to TTY users outside of North America.
