This Tariff supplements and is governed by the Company's Tariffs and/or Stentor's National Services Tariff as specified in CRTC 1000.

The rates, rentals and charges specified apply to service, equipment and/or facilities furnished to customers or lessees to provide for their special requirements that cannot be met by furnishing the service, equipment and/or facilities included elsewhere in the Tariffs of the Company and/or Stentor's National Services Tariff.

The service, equipment and/or facilities, for which rates, rentals or charges are specified, are provided at the Company's discretion.

This Tariff is sub-divided into sections. Each section is devoted to the rates, charges and any necessary related regulations for a specific classification of service, equipment and/or facilities as described in that section.

Rates, rentals and charges, specified in this Tariff, are in addition to any other rates, rentals and charges that are applicable as specified in the Company's Tariffs and/or Stentor's National Services Tariff.
