EXPLANATION OF REFERENCES, SYMBOLS AND LISTINGS (Continued)

C. Listings - Toll Stations:

1. In cases where all toll stations of the same name have the same "V" and "H" designations, they are not listed individually in the List of Rate Centers and Exchanges, but rather, are shown under one collective listing.

2. However, if all toll stations of the same name do not have the same "V" and "H" coordinates, then each station is listed individually.

See Page 2 for explanation of symbols.
