Question: Any guidelines?  
Answer:  
1) Perform something that you know well.  
2) For skits, have as few spoken lines as possible and remember to speak up.  
3) Bring any recorded backup music already labeled with your name, the name of  
the song and its number on the disc or tape.  
4) Lip syncing is for comedy acts. For all other acts, we want to hear your voice not  
the voice of a recording artist.  
5) Because of limited time, no more than 1 joke will be allowed. So prepare your  
best joke.
