THE LEARNING ENVIRONMENT

Why do I have gaps in my program? Why don't each of my classes follow a regular pattern?
The development of your program is a very complex process. Students often ask – why do I have so many gaps? Why do I have class commencing at 8am? Why do I have to come in on a Friday? Those of you that may have come from university, or another college may have experienced similar issues. The reasons behind this are varied, but here are some of the main issues at ICHM that impact on your program:

- Each study period the program is impacted by Public Holidays, Spotlight on Industry and other events which means classes need to be moved to accommodate this;
- Some students fail subjects and need to repeat these when they return to study. ICHM endeavours to accommodate these repeat students and integrate these into their programs. Where a repeat cannot be accommodated, a student may have to drop certain subjects which impacts on the consistency of their program;
- ICHM has a combination of full time, part time and casual teaching staff. Several staff work concurrently in industry. This is to keep their discipline knowledge current and provide you with the most up to date industry trends. The availability of certain staff is therefore dictated by their industry commitments;
- Several Lecturers teach across several years due to their wide discipline knowledge and skills. This means that they can only teach certain subjects on certain days;

There are many more reasons as to why your program is structured in the way it is presented to you. The best advice that can be provided to you is to take advantage of these gaps for self or group study options. Your Lecturers may be open to discussion around seminar times so please get in contact with them should you like to discuss this further.

Assessment
Assessment of learning and demonstration that you have acquired skills and knowledge can be achieved by a combination of many assessment techniques including quizzes, individual or group presentations, reports, essays, case studies and assignments. Some assessments will require you to give presentations and others to work in groups. We understand that this can be difficult for those whose first language is not English, for those who come from a culture where there are different expectations and for other students who are not yet comfortable for a variety of reasons or those that prefer to study autonomously. As these are important competencies required for managerial and leadership roles it is important that you develop and enhance your knowledge, skills and confidence in these areas whilst you are at college and if experiencing difficulty ensure you seek assistance from lecturing and support staff. All details of assessment are provided in the *Study Guide* for each subject. To assist you, a word count calculator is available in ICHM Information Hub. Please use this to ensure you meet the word count requirements.

Turnitin
All individual subject submission information will be provided within an email sent on behalf of each subject lecturer via the Turnitin portal. Please follow the prompts utilising your ICHM email to access each subject's

submission folder. Turnitin is an important tool for you to use to not only submit your assessments but also to minimise the risk of breaching the Academic & Research Integrity policy (see below). Please consult the Academic & Research Integrity policy available on the ICHM website or discuss this with your Lecturer.

Academic Integrity
ICHM is committed to providing an education environment that supports ethical scholarship and empowers you as a student to act with integrity and honesty in all of your academic studies. During your first week at ICHM (or upon your return to studies each study period), you will be reminded of our commitment to this via Academic Integrity workshops. In addition to this, please ensure that you regularly review the ICHM Academic & Research Integrity Policy located on the Student Policies and Procedures page of the ICHM website.

Information Technology
Each study period you will be provided with updates to your ICHM login and any access requirements.

ICHM utilise ICHM Information Hub along with iCampus for online students ICHM utilise the ICHM Information Hub for your subject information and studies in conjunction with the Microsoft 365 suite and zoom. Please find the technical requirements for accessing Microsoft 365 systems:

- Lowercase letters of European languages (a through z, sharp-s, with diacritic marks, Greek and Cyrillic characters)

- Base 10 digits (0 through 9)

- Non-alphanumeric characters (special characters) (for example,!, $, #, %)

*Passwords may not contain your username.

Class Timetables

Your timetable is provided in your personal Outlook calendar which clearly indicate dates, days, commencement times and class duration. It is your responsibility to attend classes appropriately prepared, and with the necessary equipment for each class. In the event of changes being made to your calendar, you will receive an automated email advising you of the changes.

Access to Lecturers outside of scheduled class time

All Lecturers have a workload formula which requires them to meet with students outside of scheduled class time for individual student subject counselling and support. The Study Guide for each subject along with the Lecturers availability message on Teams provides you with information on the availability times for Lecturers for you to discuss any questions or seek clarification. We ask you to respect faculty availability times as would be the expected process in an industry setting. Lecturers will use a combination of 1:1, Microsoft Teams, Outlook Groups, Skype, Yammer, and other methods to communicate with you outside of class time.

Learning Assistance

If you need assistance in doing assignments, research or presentations, it is essential that you contact your Lecturer. Your Lecturers are one of the most important resources to assist you through your studies at ICHM. Remember, it is up to you to communicate with your Lecturers if you have any difficulties with your studies. Never leave it too late! See above re availability.

Additional learning support is also available from Alexandra McGee and Bernard McGuigan, Student Learning Support Advisors. The nature and amount of support will depend on the student's need and could involve individual or small group interactions with support staff and for one or several interactions/meetings.

Teaching Methodology

Within Australian educational institutions, teaching and learning is considered a two-way communication process and students are encouraged to discuss and actively participate in their learning. Lecturers can use a variety of classroom methodologies to impart knowledge and information to students which could include lectures, group discussions, audio and visual presentations (video), guest presentations, computer-based learning, case studies, role playing and simulation exercises. ICHM encourages "active learning" where students are involved in their learning by asking questions, providing feedback, participating in discussions/discussion boards and giving presentations.

Responsible Service of Alcohol (Hospitality courses only)

You must complete or provide evidence of your Responsible Service of Alcohol Certificate to the Food & Beverage Lecturer during your first semester on campus. Failure to do so may influence you being held back from undertaking Industry Placement.

Photographs

Photographs taken by the ICHM photographer at ICHM ceremonies and all other ICHM events can be posted to the *ICHM Australia* Facebook page. If a student does not wish to have their photo taken, they will need to advise the photographer at the time and remove themselves from the photo.

STUDENT FEEDBACK AND QUALITY MANAGEMENT

During your time at ICHM, you will be required to complete surveys that provide feedback on our operational practices. The Australian educational authorities mandate some of these and some are developed and administered by ICHM.

Your feedback is essential if we are to maintain quality and seek continuous improvement in our education delivery.

The following surveys and feedback mechanisms are available, and may be scheduled in your calendars where applicable:

Enrolment and Commencement
Conducted shortly after commencement this survey collects information on new student and returning student enrolment experiences as well as Week 1 activities.

Overall Quality
A survey of all student's perceptions of quality at ICHM is conducted after the mid study period break. Results are shared with students before they leave campus.

Individual Subjects
More detailed surveys of individual subjects are conducted for selected subjects in the final weeks of the semester. Two or three subjects are surveyed each study period, providing the opportunity to survey all subjects over the degree period.

Student visa holders - changing courses

Student visa condition 8202 – understand the requirements

Student visa holders are expected to understand and comply with the conditions applicable to their visa.

Condition 8202 of a Student visa (subclass 500) requires that a student maintains enrolment in a registered course that is the same Australian Qualifications Framework (AQF) level as, or higher than, the course for which they were granted their visa.

If a student changes to a lower AQF level course, or a non-AQF award course, they need to apply for a new Student visa. This requirement applies even if the course they change to is with the same education provider. The only exception is that a student does not need to apply for a new visa if they change from a doctoral degree (AQF level 10) to a Masters degree (AQF level 9).

If a student changes their main (or principal) course of study, it is their responsibility to ensure they still comply with their Student visa conditions. Failure to do so could result in visa cancellation.

Some examples where a student would need to apply for and be granted a new Student visa include:

☐ Studying a Bachelor degree (AQF level 7) at a university and want to transfer to a Diploma (AQF level 5) at the same university.

☐ Studying a Certificate IV (AQF level 4) and want to transfer to an ELICOS (non-AQF award) course.

☐ Studying Year 11 (AQF: Senior Secondary Certificate of Education qualification type) and want to transfer to an Independent ELICOS (non-AQF award) course.

A student does not need to apply for a new visa if they transfer to a course at the same or higher AQF level, or from a non-AQF award course to an AQF course.

Course packaging

Students can apply to undertake two or more courses on their Student visa (subclass 500) where there is clear progression from one course to another. This is known as course packaging. The final course that a student will undertake as part of their package of courses is their main (or principal) course of study.

Students who wish to change their enrolment to a package of courses, or who are enrolled in a package and want to amend the courses in the package, are able to do so without applying for a new Student visa, as long as they remain enrolled in the main (or principal) course of study that has the highest AQF level.

Further information

Visit www.homeaffairs.gov.au and search 'changing courses' for more information.
Visit www.aqf.edu.au and search 'AQF levels' for more information.

CHANGING COURSES?

If you change course, you might need a new Student visa.

As a Student visa (subclass 500) holder, it is your responsibility to comply with your visa conditions.

VISIT WWW.HOMEAFFAIRS.GOV.AU AND SEARCH 'CHANGING COURSES' FOR FURTHER INFORMATION

OVERSEAS STUDENT HEALTH COVER

All Student Visa holders are required to have adequate health insurance while they are in Australia. This means that the insurance must commence from the date the student arrives in Australia on their student visa and must be in effect until the student leaves Australia or moves to a non-student visa subclass. If a Student Visa holder is in Australia and does not hold health insurance, they are in breach of visa condition 8501, even if their course has not yet started. NOTE: There are a few nationalities that are exempt from purchasing overseas health insurance. This information can be found on the Department of Home Affairs website.

The Student Visa holder will need to ensure that their card has been activated in accordance with the instructions from your health cover provider.

DEPARTMENT OF HOME AFFAIRS

For those students who are on a visa, the Department of Home Affairs is the Australian government body overseeing the issuing of Student Visas.

To meet the requirements of your Student Visa you must be aware of the conditions attached to visas.

Your responsibilities:
- Abide by the conditions associated with your visa;
- Respect the work limitations;
- Meet course requirements;
- Maintain required health cover;
- Leave by the visa expiry date (not overstaying);

Signalling Buses
To stop a bus, signal the driver by moving towards the approaching bus, but remain on the kerb, and raise your arm. If the bus approaching is not the one you wish to take, then lower your arm and stand back from the kerb.

First Stop or Express Buses
Buses displaying, "First Stop" or, "First Set Down", means that no passenger is permitted to get off the bus until the indicated stop is reached. "Express" buses have limited pick up and set down stops and usually run between major suburbs and the city during peak traffic hours. If you are not sure you are catching the correct bus, always ask the driver before you board the bus.

Taxis
Taxi services are also available; however, they are expensive. All taxis operate on a set rate per kilometre as displayed on a meter with additional charges for luggage and phone bookings if applicable. You can hail any unoccupied taxi from the street or make a booking with any of the taxi companies.
