

RŌISĪN LAFFERTY

ABOUT US

Founded in 2010 by Róisín Lafferty, we are an award-winning interior design house fueled by our signature ambition to push the boundaries of what design can achieve. Our work emerges from a core belief that the spaces we occupy deeply impact our experience in the world—how we feel, how we think, and ultimately how we live. Every project we take on is an opportunity to enhance that experience for our clients, to pursue the unexpected while capturing something deeply essential about the material space and those who inhabit it.

Based in Dublin and hailing from around the world, we are a multidisciplinary team of architects, designers and marketing experts. Our studio embodies a global mindset while being rooted in a local perspective. In this way we are able to merge depth and authenticity with a bold and dynamic vision, creating an inimitable portfolio of environments that evoke imagination, captivate the senses, and give our clients something new every single time.

Like a couture gown expertly draped and sewn, a moment made timeless.

A monolith of marble floats, spiraling upwards through air.

A portal materializes in space, a passageway to a new world.
