

RŌISĪN LAFFERTY

ABOUT US

Founded in 2010 by Róisín Lafferty, we are an award-winning interior design house fueled by our signature ambition to push the boundaries of what design can achieve. Our work emerges from a core belief that the spaces we occupy deeply impact our experience in the world— how we feel, how we think, and ultimately how we live. Every project we take on is an opportunity to enhance that experience for our clients, to pursue the unexpected while capturing something deeply essential about the material space and those who inhabit it.

Based in Dublin and hailing from around the world, we are a multidisciplinary team of architects, designers and marketing experts. Our studio embodies a global mindset while being rooted in a local perspective. In this way we are able to merge depth and authenticity with a bold and dynamic vision, creating an inimitable portfolio of environments that evoke imagination, captivate the senses, and give our clients something new every single time.

Like a couture gown expertly draped and sewn, a moment made timeless.

A monolith of marble floats, spiraling upwards through air.

A portal materializes in space, a passageway to a new world.

WE ARE HIRING

ARCHITECTURAL CAD TECHNICIAN

Róisín Lafferty now welcomes applications from high calibre Architectural CAD Technicians to join our expanding studio. The successful candidate must be enthusiastic and aspire to grow in our design studio. The candidate should have an excellent educational background with an undergraduate or postgraduate degree either in architecture or interior architecture with at least two to three years' relevant and solid experience in the field of interior design or architecture.

REQUIREMENTS

Graduate degree (Level 7 or higher) in Architecture or Interior Architecture.;

Minimum of 2-3 years of post-qualification experience in architectural detailing and modelling, particularly within the fields of interior architecture and joinery.;

Proficient in AutoCAD 2D and Microsoft Office; SketchUp is a plus;

Excellent knowledge of Building Regulations and Planning/Building Control Legislation;

Exceptional detailing skills, ability to produce high-end joinery drawings from detail design through to construction;

Construction Knowledge: Strong understanding of general construction practices, trades, and techniques, with a specialized focus on joinery;

Communication Skills: Ability to work closely with the Architectural Technical Manager and Design Directors, demonstrating effective communication and team collaboration;

Detail-Oriented: Exceptional attention to detail, with the ability to manage multiple tasks and meet deadlines;

Strong team ethic;

Fluent in spoken and written English;

Location: Dublin based;

Full European driver's license;

Eligibility to work in Ireland.

RESPONSIBILITIES

Produce detailed tender and construction drawing packages for high-end residential and commercial projects;

Collaborate with the design team and external consultants (architects, quantity surveyors, structural engineers, etc.) to ensure all proposals meet the relevant building regulations;

Reporting on all aspects of a project related to detailing and drawing to the Directors and technical manager;

Coordinating with external CAD assistance companies and other members of the extended design team;

Create precise and comprehensive joinery drawings, translating design intent into production-ready documentation;

Support the Architectural Technical Manager in project coordination and contribute ideas and solutions as part of a dynamic team;

Ensuring all proposals comply with the relevant building regulations;

Studio Based role.

WHY JOIN US

As a member of our growing team, the successful candidate will be able to work on specially commissioned one off commercial and residential projects around the globe. The candidate will work collaboratively in a creative environment with an amazing team, creating exciting projects that produce memorable experiences for our clients that each member can be proud of. This exciting opportunity offers excellent career progression opportunities for the right candidate.

We offer competitive remuneration for the ideal candidate. All applications will be dealt with in the strictest confidence.
