### Explanations

- 1 Additional charges to service fees.
- 2 Transaction must be sent to Nets no later than three days from the purchase date.
- 3 Fee for conversion between two currencies that is charged in a foreign currency. Nets can receive multicurrency transactions in all foreign currencies. Settlement can be made in the currencies: EUR, DKK, NOK, GBP, USD, AUD, CAD, CHF, CZK, JPY, PLN, RUB, TRY. Register an account for each currency. If transactions in foreign currency are not converted to local currency the fee for multicurrency will not be charged.
- 4 Fee for all cross-border volume in a different currency than merchant country currency.
- 5 Fee for crediting without original purchase.
- 6 The Alipay start-up fee is shown without VAT but will be taxed.
- 7 The fee covers Nets costs to the card companies for a special registration fee and quarterly reporting on products and services categorised as high risk. If your products/ services are high risk category, we will let you know before formation of a contract.
- 8 Per legitimate cardholder dispute.
- 9 Statistical material, call centre services etc.

### Explanations

<sup>10</sup> Non-compliance prices appear in USD and EUR on the prices list, as these are directly charged to Nets in these currencies by Visa and Mastercard. The prices will be converted to your billing currency with mark-up pursuant to the daily conversion rate of Danske Bank.

<sup>11</sup> Both percentage and per transaction price applies.
