

Take the leap to level-funded with Curative

Curative, the latest large group health plan in Texas and Florida, now provides a statewide level-funded option for employers.

A chance for real savings

Level-funded is an ideal option for employers who cannot take on the extent of self-insured plan, but want greater amount of control and transparency. The employer incurs a monthly payment to cover costs for administration, claims payments, and stop-loss insurance.

At the end of the enrollment year, if the group submits fewer claims than expected **50%** of the difference between the group's anticipated and actual claims is credited back to the employer. That's an opportunity to realize savings.

Full Cost Transparency

No copays, no deductibles, and no out-of-pocket costs for in-network services, including many preferred medications, for members who complete a Baseline Visit in the first 120 days of plan activation.

Baseline Visit

A Baseline Visit is an opportunity for members' to meet their designated Care Navigator and a clinician** to jumpstart their health and wellness journey. They will be oriented to the plan, connected to wellness programs and be given the time to get any health questions answered. Austin-based members can complete the visit in-person at the Curative Commons in Downtown Austin or virtually. Otherwise, visits are done virtually from the comfort of home.

Designated Care Navigator

Each member is paired with a Care Navigator who will support their journey as a member, providing resources and guidance on how to maximize their health benefits. At Curative, we utilize the Baseline Visit to provide individualized care so members can reach their health goals.

No copays.
